ESTABLISHED 1860. NO. 48.

STANFORD, LINCOLN COUNTY, KENTUCKY, FRIDAY, JUNE 14, 1912

TUESDAYS AND FRIDAYS.

SUBSCRIPTIONS NOW DO MORE THAN TRIPLE DUTY

Make Every Moment Count for We Guarantee that this is Positively the Largest and Best Offer of the Contest. This great inducement will come to a close on June 18th. So be up and doing every moment of the intervening time. You cannot afford to be inactive when there is so much at stake.

The greatest offer of the contest is now on and everyone who is at all interested in this race is working as they have never worked before. The contest is getting more and more exciting every day especially now that some of the dark horses have begun to force to the front and loom up as very strong possibilities.

Have you made up that list of friends, neighbors, relatives and acquaintances whom you have not yet approached. If you have not, you should do so at once and lose no time in getting into communication with them. Remember, also all those persons whom you saw earlier in the contest who put you off until a later date, communicate with all of these; explain to them that you get triple votes for your efforts now and under the circumstances they won't refuse to help you. It is bargain time in this record breaking contest and you simply cannot afford to fail to avail yourself in the fullest of this magnificent offer.

Get out and hustle for your favorite—let nothing prevent. This is your opportunity—gasp—it—don't let it pass. If you have a telephone, solicit whatever subscriptions you can in that manner and then go and get them so that you may have the benefit of the triple vote offer. If you haven't a phone, cover as much ground as you can each day. Make every moment count from now until June 18th for now the reward of your efforts will be triple and 3,000 extra votes on every dollar.

Six Prizes Differed

As explained in the last issue, we added six more prizes (three to each district) to the big prize list. These prizes consist of two beautiful writing desks, one purchased from J. L. Beazley and one from W. A. Tribble, two beautiful cream serge coat suits or silk dresses, purchased from Severance & Son and two of the famous H. B. Smith Fountain Pens. The contestants and their friends are invited to call at the stores where these handsome prizes were purchased and inspect them.

Until further notice, contestants may poll 20,000 votes in advance of the leader of the preceding issue.

See the beautiful diamond rings and watches on display at the store of the well known jeweler, Mr. W. H. Maeller of this city. The \$350 piano is on display at the J. J. office. Call and see it.

Winners of Extra Prizes

In the extra prize offer which closed last Monday night, Miss Martha West and Miss Elsie Coleman won the Silver Sets and Miss Ada Wesley and Miss Lucille Crow the Fountain Pens in their respective districts.

PRISON COMMISSIONERS APPOINTED BY GOVERNOR

The Long Drawn Out Contest For Coveted Plums Is Now a Matter of History.

After weeks of suspense on the part of the numerous applicants for the jobs at the disposal of the Governor, the plum tree was shaken on Wednesday and Gov. McCreary announced his selections. Gov. McCreary finally decided upon Henry R. Lawrence, of Paducah; M. E. Conley, of Louisville, and D. E. O'Sullivan, of Louisville, as the members of the new Board of Prison Commissioners. The new board will take charge of the State penal institutions at once.

It was generally conceded that Henry R. Lawrence would be a member of the Prison Commission and its probably chairman, but the other two named are distinct surprises. Up until the last moment it was believed that Judge F. A. Hall, of Lexington; Henry M. Cox, of West Liberty; J. Norton Fitch, of Jessamine county; Patten Patterson, of Bowling Green; Senator Hubble of this county, were slated for places on the commission. While his many Lincoln county friends are sorry that Senator Hubble did not head, all agree that the governor exercised splendid judgment in his selections.

New County Committee.

New county committee, composed of precinct committeemen, completing the re-organization of the party committee in the entire state, will be chosen by the Democrats of Lincoln county in November, after the election for President. The law as to the manner of selecting precinct and county committeemen is not changed by the new rules. The voters of each precinct will elect precinct committeemen, as heretofore. There was much talk heard, in the Louisville convention, before the organization committee made its report, to the effect that a rule would be adopted allowing the State chairman to name county chairmen who in turn would name precinct committeemen. The committee made no such report and the rumor was merely a rumor, with no foundation. The committee, it is said, did not consider such a thing.

The Lincoln County Medical Society will meet in Hustonville next Tuesday at 10:30 o'clock, June 18th. Drs. Singleton, Jones, Carpenter, and Childers are on the program. A full attendance is urged. M. M. Phillips, Secretary.

Sunday services at the Baptist church, preaching at 10:45 P. M., subject "The Deceitfulness." There will be no preaching service at night Sunday school at 9:30 A. M. B. Y. P. C. 6:45 P. M.

Help to Keep Down Expenses

Mrs. J. E. Hony, Akron, Mich., tells how she did so: "I was bothered with my kidneys and had to go nearly double. I tried a sample of Foley Kidney Pills and they did me so much good that I bought a bottle, and feel that they saved me a big doctor's bill. Shugars and Tanner."

Mrs. Lena Love, wife of Wiley Love, a farmer living near Covington, Ga., says: "I have taken Foley Kidney Pills and find them to be all you claim for them. They gave me almost instant relief when my kidneys were sluggish and inactive. I can cheerfully recommend them to all sufferers from kidney troubles." Shugars and Tanner.

Wesley Embry

Stanford is watching with a great deal of interest, the work of Wesley Embry, who was recently called to Frankfort to pitch in the Blue Grass League. The young man has pitched four games to date and won them all. His last victory was Wednesday when the Nicholasville team went to defeat before him by the score of 10 to 3. Embry struck out six men and allowed only five hits.

When Buving, Buy Only The Best Costs No More but gives the Best Results

H. L. Monquist, Esquire, Wis., says his wife considers Foley's Honey and Tar Compound the best cough cure on the market. "She has tried various kinds but Foley's gives the best results of all." Shugars and Tanner.

HEAVY DAMAGES AGAINST SOUTHERN RAILWAY

Jury Awards Casey County man Verdict For Injuries—Other Court News.

In the Circuit Court Wednesday, the E. N. O. & T. P. Railroad was hit a heavy jolt when a jury in the case of Grover Reed of Elliston, Casey county, gave a verdict against the company for the sum of \$6,000. While crossing the company's tracks, near Milledgeville, this county last October, Reed was knocked from his buggy his skull fractured and his left knee and right ankle were badly mashed. He brought suit through his attorneys, Messrs. Harding and Rawlings of Danville for \$25,000. The case was stubbornly fought and ended with the verdict stated above.

D. C. and Clarence Sipple were fined \$15 for contempt of court. J. H. Boone on Thursday recovered \$210 in a suit against Mrs. Margaret Lynn over a timber contract. Julia Record Huffman was granted a divorce from her husband, W. D. Huffman upon the grounds of desertion. A number of other cases of minor importance were also disposed of, which was about the extent of Circuit Court business when the L. J. closed its report.

Martha Adams Pennington

Martha Adams Pennington, infant daughter of Dr. and Mrs. T. W. Pennington, died at an early hour yesterday morning in Louisville, where the little one had been taken a week ago to be under the care of a specialist. From birth the child had been sick and every effort had been made by the fond parents to bring relief, but to no avail. The little body was brought home last night and the interment took place today in Buffalo cemetery. The unfeigned sympathy of a host of friends goes out to Dr. Pennington and his wife in their sad hours.

John R. Staton, Joyce, Ky., had an exceptionally severe attack of whooping cough. He says: "If it had not been for Foley's Honey and Tar Compound I would have been compelled to quit work. Instead, I never missed a day, and Foley's Honey and Tar Compound gave me instant relief and is the only cough medicine we ever use." Contains no opiates. Shugars and Tanner.

Boy Scouts' Camp

Mr. Stanley Harris Secretary of Boy's Work for Kentucky was here Saturday in the interest of Camp Daniel Boone for boys located near Brooklyn Bridge on the Kentucky river. In the evening at the Presbyterian church he gave an interesting lecture on Boys and Boy's Work, accompanied by Stereopticon views of camp life. The camp was established by Y. M. C. A. workers and is operated and controlled by specialists on Boy's Work.

An outing at Camp Daniel Boone is of especial benefit to Boy Scouts. There are three periods of 10 days each. The first begins June 15th. Application for admittance should be made at once to Mr. Harris, Walmore, Ky., care of Camp Daniel Boone or boys in the community make application through the local Scout Master, H. C. Carpenter.

Former Lincoln Boy

King Swape, son of Mr. and Mrs. James Swape, of Danville, but formerly of this county, won the oratorical contest at Danville Monday night, "The Reign of Justice" was his subject. He spoke with the grace and ease of a natural born orator and his remarks were of a distinctly modern character. At the completion of his declamation the judges retired and Judge Z. T. Morrow, of Somerset, a member of the famous class '55 made a few appropriate remarks.

This is to certify that Foley's Honey and Tar Compound does not contain any opiates, any habit forming drugs, or any ingredients that could possibly harm its users. On the contrary, its great healing and soothing qualities make it a real remedy for coughs, colds and irritations of the throat, chest and lungs. The genuine is in a yellow package. Look for Foley's Honey and Tar Compound and accept no substitute. Shugars and Tanner.

SPLENDID WORK BY COUNTY S. S. CONVENTION

Sunday School Workers of Different Denominations in Annual Session.

(By Miss Pauline Hocker.)

The Annual Bible School Convention of all the Lincoln county schools met in the Christian church of Stanford, Thursday evening and all day Friday, June 6, and 7. In point of attendance, interest and liberality of the offering it far exceeded any previous convention. The Rev. Wm. Hopper led the devotionals. The County President, Mr. P. M. McRoberts, presided at the opening services, on Thursday evening, giving splendid address of welcome, showing that the organized Sunday school forces are the greatest power towards the prevention of crime in the world and this being true that the man who is really a good citizen will enlist at once in the Bible School and do all in his power to further it's work. Following a solo of great sweetness by Miss Elizabeth Higgins, Mr. Geo. A. Joplin the State Secretary delivered the address of the evening on "Is The Boy Worth Saving." The subject, he said was suggested to him when, several years ago he saw a baby boy snatched from the track of an on-coming train just in time to save his life. Since then he has asked over a thousand people if the boy is worth saving. Always, he says the answer has come unhesitatingly that he is. That his value is inestimable. Yet judging from the tremendous amount spent for drink, tobacco and the small sums expended for education, missions and the Bible school it would seem that people do not realize the tremendous damage they are doing to their sons and the sons of their neighbors, by this disproportionate spending. The Bible school saves the boy, therefore help it.

The all day session Friday was for the purpose of presenting to the schools the good points of the front rank standard, and urging its adoption as speedily as possible by all schools. After the preliminary business session, roll call, reports, etc., and the leading the devotionals by Rev. J. J. Dickey, Mr. Joplin explained the standard and spoke on the cradle roll. If every school has a cradle roll, he said, containing the name of every child under three years of age and if the school could keep these children, in twenty five years we would soon have the church problem solved, for the parents would be in the church and the next generation would know nothing about the terrible leakage with which we now have to struggle. Rev. P. L. Bruce said in regard to the organized adult Bible class that by virtue of the fact of its organization it stands for effective work, as it is an adult class it stands for maturity of aim and plans and the word "Bible" shows what it studies and stands for in scholarship. Mrs. Eliza Blain being absent, her paper on "How I Organized My Class," was read by the secretary. She told how organization had increased her class roll from twelve to fifty and her attendance from about eight to thirty and said she would not think of going back to the old way.

Mr. J. S. Hocker spoke on "Preparing For and Teaching an Adult Class," saying that the writer of the lesson, his purpose of writing, the persons, time, place and spiritual truths of the lessons must be carefully prepared and brought out both by the lecture and question method. He advised a training course, commentaries, atlas and Bible dictionary as the best aids for the teacher. Like telephoning, he said teaching required two persons one to impart information and another to receive it.

Mrs. J. J. Dickey next gave an excellent talk on Teacher Training, recommending training the teacher by the Sunday school times and showing several charts and maps. She urged every delegate to start a class in his or her school, to be taught either by himself, the superintendent or pastor and to be begun even if only one besides the teacher will enroll.

She was followed by Rev. C. R. Blain, who told why and how missionary instruction should be given a Bible school. A wide awake missionary interest can be kept up if children from their earliest years are taught missions. This can be easily done by the superintendent giving missionary talks, singing missionary hymns, having some pupil tell the life of a missionary or about the work in some field, or supplementing missionary lessons for the quarterly reviews.

With his talk, and the benediction by Rev. H. Carpenter the convention adjourned until 1:30. The first subject after re-assembling was the "Graded Lessons," discussed by Mr. Joplin. He showed how the lessons were adopted to the needs of the child and as the child grew the lessons changed so as still to appeal to him and to keep him at work, thereby doing more for the growth in size and interest of the schools

than any other one thing. He was followed by Rev. D. M. Walker, who urged the custom of "Decision Day," for the schools. Every day he said should be an opportunity for a child to decide for Christ but if one day is set apart and the child has it constantly in mind for weeks before many more will make a decision.

Next Dr. J. G. Carpenter, the president of the Medical Society, gave an interesting talk on the prevention of diseases by better ventilation in homes, schools, churches, individual drinking and communion cups, proper covering for the head and clothing for the body and a strict observance of quarantine laws. It is a comfort to know that he intends to see to the enforcement of these laws and to punish offenders by arrests, fines, and imprisonment. Mrs. Iva Tucker spoke feelingly on "Winning the Boy" impressing the importance of it on teachers and speaking of the power one playmate could exert for the betterment of another.

One of the excellent speeches of the convention was made by the Rev. W. S. Willis, of Hustonville on the subject of "Living." This difficult theme he handled in a masterly way, showing how each denomination had profited by the work of the international Association and telling of the influence it had had on his life. He closed by asking that each school pay its apportionment, three cents for each pupil and 15 cents for each officer and teacher, cheerfully remembering the needs of destitute fields.

After such a talk and a few words by Mr. Joplin, needless to say, an offering was taken greatly exceeding any ever given here in times past. While the offering was being made, Misses Annie Rogers Powell and Frances Embury sang "Take My Life and Let it Be" so splendidly that it was one of the most impressive features of the convention.

"Temperance Instruction" was treated by Rev. J. J. Dickey as an essential to a successful Bible school. He recommended a printed pledge to hang on the wall of every church and to be signed by the pupils. "Remembering his written name hanging on the church wall has kept many a boy from drink," he said. Every teacher must be a total abstainer to make his influence and example what it should be.

This finished the talks on the standard and the remaining time was occupied by talks by Mrs. Henry Phillips and Miss Lucie Heazle on "Howland and its Work" and the W. C. T. U. School at Hindman respectively. Both talks were good and pointed out important fields of work for Sunday schools. Then after a short "quiz" conducted by Mr. Joplin the afternoon session of the convention closed.

The evening service of song and the devotionals conducted by Rev. P. L. Bruce were followed by the report of the committees and a talk by Mr. Joplin on our standards or a general summing up of the topics discussed during the day.

It was a splendid convention in every particular. The music, under the efficient direction of Mrs. J. G. Carpenter and the leadership of Rev. D. M. Walker was beautiful and had required much work. To Mrs. Walker who played the organ is due the thanks of the convention for her promptness and faithfulness, as well as to Mr. Walker who presided all day Friday and saw to it that no part of the service was permitted to drag. Dinner was served to fifty three out-of-town delegates at Governor's restaurant.

The officers for next year are: President, Mr. P. M. McRoberts; Vice President, Mr. J. C. McClary; Secretary and Treasurer, Miss Pauline Hocker; Assistant, Mrs. G. C. Riffe; Superintendent Elementary Department, Miss Margaret Hocker; Superintendent Secondary Department, Mrs. Iva Tucker, Adult, Mrs. Gene Carpenter, Teacher Training, Mrs. J. J. Dickey; Organization, Mr. H. F. Surles; Visitation, Rev. C. R. Blain.

PROF. T. W. SHANNON TO LECTURE HERE

Opportunity to Hear Former Lincoln County Boy—Now a Noted Speaker.

Prof. T. W. Shannon, a native of Lincoln county having been born near Moreland, but who is now a prominent citizen of St. Louis, Mo., will lecture at the Stanford Methodist church at 3 o'clock next Sunday afternoon on the following subject "The Making of the Man". This lecture will be for men only and boys over 14 years of age. At 8 P. M., Prof. Shannon, will deliver another lecture entitled "Hereditry" to which all are invited. On Monday afternoon at 3 o'clock, he will lecture on "Teaching the Truth". All married people, young ladies over 14 years of age and school teachers especially are invited to hear this lecture. At 8 P. M. Monday, Prof. Shannon will deliver his final lecture, the subject of which will be "Present Day Problems". There will be no charges at any of these meetings but a free-will offering will be taken on Friday afternoon at the meeting for men. All of these lectures will be delivered at the Methodist church.

The following extract is taken from the Washington Daily Herald which shows the impression made upon the people by Prof. Shannon: Few lectures have ever been delivered from local platforms of greater force and moral persuasion than those given by Prof. T. W. Shannon. A. M., of Fredericktown, Mo., world renowned lecturer on Purity and Sex problems, in this city Sunday and Monday.

Sunday morning Prof. Shannon preached at the First Baptist church and Sunday night at Grace M. E. church.

His Sunday night lecture on the important subject of "Hereditry" ought to have been heard by every man and woman of the town.

The speaker produced incontrovertible arguments for the importance of hereditry, emphasized by statistics. In the notorious Juke family of criminals there have been 11,000 descendants and not one but showed criminal tendencies or idiosyncrasy in the Johnathan Edwards family of 1,300 descendants there have been college presidents and professors, 200 ministers and a long line of prominent men. Anron Burr, the only bad example among them.

Prof. Shannon showed how God visited the iniquities of the fathers upon the children through the laws of nature and placed the personal responsibility upon the individual.

The whole nature of man, physical, mental, moral, spiritual, is all subject to hereditry. It has been scientifically proven that anger, jealousy and kindred traits produce toxins through the blood and are transmitted. Great care is taken in animal and vegetable life to develop higher species, but little is given to the greatest need, of all, the development of the human race.

Charles Sable, 30 Cook St. Rochester, N. Y., says he recommends Foley Kidney Pills at every opportunity because they gave him prompt relief from a bad case of kidney trouble that had long bothered him. Such a recommendation, coming from Mr. Sable, is direct and convincing evidence of the great curative qualities of Foley Kidney Pills. Shugars and Tanner.

The Danville Advocate in retract-
ing some of its "sensational charges"
concerning Congressman Helm
says it does not want to state any-
thing untrue or unfair, which of
course means that it has stated
what is not true and what is unfair.
Nevertheless Mr. Sullivan is having
these untrue and unfair statements
printed in the papers of the district
at his expense. The Advocate has
thrown a fit or two concerning some
alleged agreement on the part of
Mr. Helm not to enter the present
race for Congress, stating that it
would produce such a pledge signed
by Mr. Helm, in the presence of wit-
nesses, which we said was not true
and called on the Advocate to pro-
duce, which it could not do.

In a nut shell Mr. Sullivan's fran-
tic efforts to remove Mr. Helm from
the race is convincing evidence that
he cannot win with the Congressmen
in it. The gentleman from Madison
wanted to make the race two years
ago, but after going over the dis-
trict found that the Tall Synmore
loomed up in every precinct so
strong and so formidable that the
barrier could not be broken down.
Did he then cry out that Helm had
promised not to run again? Verily
he did not, but if Mr. Helm made
such a promise then was the time to
have enforced it. And the same is
true of the present race, as well
as of all other races which Mr. Helm
has made. It seems that the oppo-
sition to Lincoln county's son will
have to trump up another or at
any rate a more reasonable charge,
for this is puerile.

The Danville Advocate utters a
long wall against the office holders
of Lincoln county, present and pros-
pective, and asks in conclusion if
it is not about time for Boyle to
have something. Well, if Boyle had
any good material—like Lincoln—
for instance—it might be possible
to cut off a small piece of pie and
hand it to her. But as the matter
now stands we see no chance for
our friends across the line.

The republican National Com-
mittee is working the old Taft steam
roller to a fare-you-well at Chicago
this week. All of the contests so
far have been decided in favor of
the president. Roosevelt's friends
have sent for him to come to Chi-
cago.

Lacaster.

Rev. George A. Joplin, State Sec-
retary, of the Sunday school organ-
ization conducted the Garrard county
Sunday school convention at the
Baptist church Saturday holding an
all day session.

W. S. Beazley until recently a
wealthy farmer of Garrard, sold
to Jonas Weil 140-1,500 pound ent-
le for July delivery at 8 1-4 cents
per pound. This successful farmer
also sold other cattle at prices rang-
ing from 7 1-2 cents to 8 cents per
pound.

The contesting candidates for the
handsome piano in R. S. Brown's
dry goods store are doing some ac-
tive earnest work. At this early
date it is quite hard to tell who will
be the winner.

Several converts were baptized
Sunday afternoon at Conn's pond,
having made the good confession at
the meeting conducted last week by
Elder F. M. Tindler at the New Union
church at Hyattsville.

C. A. Arnold, of Garrard, shipped a
car-load of first-class porkers to
Cincinnati Saturday; there were 100
head in the consignment that aver-
aged 200 pounds in weight; Mr. Ar-
nold raised the greater number of

these on his farm north of Lan-
caster.

G. A. Bowling, of the Brynntsville
section bought 33 head of 400-
pound cattle from various parties at
Richmond court day which cost him
\$17 per head.

J. P. Gregory is out with 10 strip-
pers, harvesting blue grass seed
both in Garrard and Boyle counties.
A crop of this seed that he has
been hauling for years is a 1,400
acre tract belonging to the Gentry
brothers, of Boyle. This is the finest
one boundary crop in the state and
always commands a top notch price
in the market.

Mr. Silas W. Moss, who for two
years or more has run a successful
dairy at this place has sold out and
will move with his family to Rich-
mond; Mr. Moss has bought an inter-
est in the hay, grain and feed busi-
ness of R. L. Arnold, of the Madison
county capital and will at once enter
into the new partnership.

The Maple dairy including 10 Jer-
sey cows and 7 heifers were bought
by Mr. A. H. Bastin, of this city,
for \$700 and the dairy establish-
ment will be run by Mr. Henley V.
Bastin. New fixtures in the way
of sterilized bottles and other neces-
sary things have been ordered by
young Mr. Bastin from Chicago
who expects to reopen the dairy in
about a fortnight.

Crab Orchard.

With strawberries a plenty and
garden sass galore everyone is hap-
py around here. Roasting ears and
new potatoes will be ripe in a few
days.

A jolly automobile party from the
Buckeye state drove down to Crab
Orchard this week. There were
sixteen in all. They report the
roads in excellent condition and the
scenery unsurpassed. They stop-
ped at the Springs Hotel while here.

Mr. Sam Bailey and a party of
friends from Mercer county motored
out to the Springs Hotel this
week. They report a fine trip over
splendid roads.

Mr. and Mrs. Glass, of Nicholas-
ville, motored over yesterday to en-
joy a short stay at the Springs.

Mr. and Mrs. J. S. Thomas and
son Scott, of North Carolina, have
been at the Springs for the past
three week. They were here last
year for a long stay.

Mrs. M. C. Wells, of Richmond,
arrived at the Springs to spend the
summer. She says this is the best
place in the world.

Mr. and Mrs. L. D. Shryoth of
Marett, Ohio, together with Mr.
and Mrs. D. Robinson and son,
Abe, came down to spend a couple
of weeks at the Springs.

The new concrete work around the
Springs Hotel, also the new swim-
ming pool will be a big improvement.
Electric lights and the ice plant too
are about ready.

A TEXAS WONDER.

The Texas Wonder cures kidney
and bladder troubles, removing grav-
el, cures diabetes, weak and lame
backs, rheumatism, and all irregu-
larities of the kidneys and bladder
in both men and women. Regulates
bladder troubles in children. If not
sold by your druggist, will be sent
by mail on receipt of \$1: One small
bottle is two months' treatment, and
seldom fails to perfect a cure. Send
for testimonials from Kentucky and
other states. Dr. E. W. Hall, 2926

Improvement at Depot

The roadway behind Stanford's
new depot has been opened up and
workmen are now engaged in pre-
paring for the concrete paving which
is to be laid under the train sheds
and along the full length of the de-
pot. The passway up Mill street ex-
tended, to the freight depot is to be
cut off, and traffic to the freight
depot will have to be around the new
roadway behind the passenger sta-
tion and around up Depot street.
The train shed is also to be exten-
ded westward along the tracks for
thirty or forty feet farther so as
to afford protection for passengers
alighting from the chair or Pullman
cars in bad weather.

Ed Wilkinson, who has been ill for a month or more with inflammatory rheumatism, has returned from Elkhart Springs much improved.

Are You Blue and Worried?

Nervous? Some of the time really ill? Catch cold easily and frequently suffer from biliousness or headache? The reason is that your system does not rid itself of the poisons in the blood; just as impossible as it is for the grate of a stove to rid itself of cinders. The waste does to us exactly what the cinders do to the stove; make the fires burn low until enough cinders have accumulated and then prevent the fires from burning at all. Your liver is sluggish—you are dull and heavy—sleep does not rest, nor is food appetizing. In this condition illness develops. Doctor Pierce's Golden Medical Discovery eradicates the poisons from the body—a glyceric extract made from bloodroot, golden seal and mandrake root, stone and queen's root, without the use of alcohol. No matter how strong the constitution the stomach is to be "out of kilter" at times; in consequence the blood is disordered, for the stomach is the laboratory for the constant manufacture of blood.

Mrs. Bessie Blake, of Port Dover, Ont., Box 96, writes: "I have been a great sufferer for years from throat trouble, catarrh, indigestion, female troubles, constipation and nervousness—at times I would be in bed, then able to be up again. Was under many different doctors' care, and would get better for a little while, then I would go down with chronic inflammation all through me. For nineteen years I had this poison in my blood. After trying nearly everything I got worse. I read in The People's Common Sense Medical Adviser of Dr. Pierce's Golden Medical Discovery and Dr. Pierce's Catarrh Remedy. I have taken the Golden Medical Discovery and Pleasant Pellets. I have used five bottles of Dr. Pierce's Catarrh Remedy. I am now able to do my work and walk with pleasure. I feel like a new woman. I enjoy everything around me and thank God for letting me live long enough to find something that made me well again."

Dr. Pierce's Pleasant Pellets regulate liver and bowels.

A Feeling of Security. You naturally feel sure when you know that the medicine you are about to take is absolutely pure and contains no harmful producing drugs. Such a medicine is Dr. Kilmer's Swamp Root, the great Kidney, Liver and Bladder Remedy.

The same standard of purity, strength and excellence is maintained in every bottle of Swamp-Root. Swamp-Root is scientifically compounded from vegetable herbs.

It is not a stimulant and is taken in teaspoonful doses.

It is not recommended for everything.

It is nature's great helper in relieving and overcoming kidney, liver and bladder troubles.

A sworn statement of purity is with every bottle of Dr. Kilmer's Swamp-Root.

If you need a medicine, you should have the best.

If you are already convinced that Swamp-Root is what you need, you will find it on sale at all drug stores in bottles of two sizes, fifty-cents and one-dollar.

Sample Bottle Swamp-Root Free By Mail.

Send to Dr. Kilmer & Co., Binghamton, N. Y., for a sample bottle, free by mail—it will convince. You will also receive booklet of valuable information, telling all about the kidneys. When writing be sure and mention the Stanford Semi-Weekly Interior Journal.

Prof. Dutton in Somerset

Prof. Josiah Dutton, a well-known teacher of music, has moved with his family from Lincoln county to this city and intends to open in a short while a general music store. The professor has been a live wire in the music line in Lincoln county since he moved there twenty years ago. He is a straight-forward, honorable man and we commend him to the good people here as such.—Somerset Times.

Mrs. Rose A. Freeman, Clifford Va., says they have long used Foley Remedies and want to say a good word for them. She writes: "Foley Kidney Pills cured my husband of a long standing kidney trouble, after he had taken other medicines without relief. We would not be without Foley & Co's medicines in our house for many times their cost. Shugars and Tanner."

The Epworth League will have an open session next Tuesday night and take a trip to Mammoth Cave with Mrs. J. J. Dickey as guide. A story of the cave will be made with post cards and a map of the cave. All are interested to attend, those who have been to the cave and those who expect to go. Do not fail to come. Mrs. J. R. Harris, Pres. of Literary Department.

Mrs. M. A. McLaughlin, 512 Jay St., LaCrosse, Wis., writes that she suffered all kinds of pains in her back and hips on account of kidney trouble and rheumatism. "I got some of Foley Kidney Pills and after taking them for a few days there was a wonderful change in my case, for the pain entirely left my back and hips and I am thankful there is such a medicine as Foley Kidney Pills." Shugars and Tanner.

Charlie Whitemoon, the Cowboy Herbalist.

Whose wonderful Root & Herb medicines have been making such wonderful cures for years past in Kentucky, extends greetings to the readers of *The Interior Journal*, through the courtesy & splendid rates offered by its editor. The name of my great universal remedy, is

COM--CEL--SAR.

composed of 16 Roots & Herbs. It is an ideal spring & fall tonic, stomach, liver, kidney, bladder & blood remedy. **Com-Cel-Sar** is a body & nerve builder of great merit & should be used both spring & fall for putting the blood & general system in fine condition to meet the necessary changes taking place at those seasons. **Com-Cel-Sar** is sold at all drug stores, tho' some times, you find a druggist who for some reason will not handle my remedies. In that case, I will, on receipt of the price of \$1.00 send it postage paid any place on earth. **Com-Cel-Sar** is packed & backed by a legal guarantee that gets back your dollar if **Com-Cel-Sar** fails to do what you buy it for. Call for **Com-Cel-Sar**, also for **Charlie White-Moon's Science Sope** which is made of pure vegetable oils for Human skin Only, 10c a bar, 3 for 25c & money back if you don't happen to like it.

My years of experience as a cowboy & among the Indians, give me a peculiar fitness & knowledge of the value of Roots & Herbs as medicines, & I would like to send every reader of this paper & any friends of yours, a copy of the greatest book of its kind ever published, entitled, "**The Cowboy Herbalist**". It is filled with startling facts obtainable no place else, & costs you nothing but a post card, & if you want a fine calendar, say so & I will mail you one for 1912, lithographed in five colors, a fine likeness of myself, entitled "Ready for the round-up".

All letters cheerfully answered, information given relative to Roots & Herbs as medicines. Catholic or Protestant, Read Your Bible Ezekiel 47:12. Ecclesiastes 30: 14, 15, 16, 17, also Chapter 38; 4, 6, 9, 15. St. Paul to the Romans, 14:2. Wisdom of Solomon 7:17, 20. Revelations 22:2 Psalm 103:14. Write these verses down, then read them. The Bible says "Physician Heal Thyself" & so, if modern doctors with mercury & other poisons can't heal themselves, what chances have you to be cured?

Yours for a long, clean, healthy & successful life.

OATEQUAL

"HAS NO EQUAL"

As a perfect feed for horses, mules, colts, jacks, dairy cows, calves, sheep and lambs, hogs and pigs, as an egg producer it is

A PERFECT FEED.

ALCORN Made from Rolled Oats, Cracked Corn, Alfalfa, Hay, Brewer's Grain and Pure Cane Molasses.

Alcorn is heavier in corn than Oatequal, and is the working horse's friend.

A Feed That Is All Feed.

Oatequal and Alcorn are cheaper to feed than oats and cost little by the bag and less by the ton.

THE FARMERS

A few registered Tamworth pigs for sale at real bargain prices. Send for description circular. W. A. Coffey & Son, McKinney, Ky. 48-4p.

At Hopkinsville, last week, at the meeting of the Planters' Protective Association, reports were made that much tobacco was being damaged by a small worm called the "screw worm". It was stated also that about 75 per cent of the tobacco crop has been planted until small plants were not doing well.

Warren county strawberry growers one night last week, shipped 29 cars of berries. Before the cars were loaded the streets were blocked at Bowling Green with the wagons carrying the luscious fruit. One line of wagons was over a mile long. The growers are getting good prices for their fruit and so far have sold \$109,000 worth. The crop will return, when finished, more than \$100,000.

With the capital stock fixed at \$50,000, articles incorporating the Land Tobacco Redrying and Storage Company were filed in the office of the Fayette County Clerk, Saturday. The incorporators are Messrs. W. F. Land, L. M. Land and Y. Alexander, all of Lexington.

Five hundred million goat skins have been imported into the United States during the last decade, and the money sent out of the country in payments there for amounts to 250 million dollars.

Robert C. Gattwood, of Montgomery county, sold 315 head of export cattle to M. E. Greenwald, of Chicago. They will average about 1350 pounds and brought a price right around eight cents. It is considered by many as the very best bunch of cattle in Montgomery county.

The James Scohee farm near the L. & E. Junction, in Clark county, containing 290 acres, was sold the past week by Mrs. Bettie Knox to Messrs. George Prewitt, L. B. Cockrell and George Hon, of Clark county, at \$85 per acre.

The Elmendorf Coal and Feed Co., of which James B. Haggin is the principal stockholder, took out a permit at Lexington for a 7-story grain elevator in the north end of that city, to be constructed of reinforced concrete and to cost approximately \$25,000.

The famous Caldwell-McAnnally hog case in the Boyle Circuit Court is almost equal to the famous Madison county calf case. The hog case was tried four times. The value of the swine was \$5. The court costs in the case were \$210, besides large sums paid for attorneys' fees on both sides.

M. F. Lawrence, who was visiting his friend Will Davis, a prominent farmer of Garrard last week, reports to the I. J., that Mr. Davis has quite a curiosity in his place in the shape of three legged chicken.

The fowl is about three weeks old and seems to thrive as well as its normal brothers and sisters. The third leg is growing out where the tail is usually found. The extra limb does not seem to be of any particular use. Mr. Davis will endeavor to raise the freak to full fowl.

Big Prices For Cattle.

Ten cars of cattle shipped from McCreedy to St. Louis Monday sold on Tuesday's market at record-

breaking prices. Ninety-four head consigned by T. P. Harrison weighed an average of 1,328 pounds and sold for \$8.95, the highest price ever paid in St. Louis for that number of cattle. Eighty-eight head owned by R. N. Craig weighed 1,220 pounds and sold for \$8.10, with two out at a slight reduction. Claude Berry shipped eleven head that averaged 1,210 pounds and brought \$8.65 while Harris Wallace sent seven veal calves that averaged 500 pounds. Six of the Wallace steers sold at \$7.70 and one at \$6.25.

Feeders Have Made Money. Despite poor quality of corn, high cost of all kinds of feed and scarcity of roughed cattle, feeders have made very satisfactory profits since the rise began in February. Thousands of steers put in last fall around or under 5 cents have returned to market to claim 8 cents or better. Instances are related where profits have been astounding and the cheaper cattle were bought the greater has been the financial gain. Illinois feeders have pursued a lucrative trade in finishing hullocks bought at Kansas City. Those who had sufficient feed and confidence in the future to pay \$6.75 at 7 along in February for Kansas cattle have been selling them in Chicago recently at \$8.75 (48).

The situation indicates that when corn is high and fodder scarce fleshy cattle may be bought at Missouri River markets even in competition with killers, for a finish and shipment to Chicago later on. January and February liquidation under such conditions means a high market for finished cattle in April and May.

Although most feeders agree that a bushel and a peck of this year's corn was needed to put on as much gain as a bushel last year, wherever comfort was provided cattle did well. The number of Illinois feeders who report using alfalfa in their ration this year is large. In a majority of cases where cattle have come to market with a finish some nutritious concentrate was used. Feeders have emerged from the corn-hauling period and most of the successful ones now use a balanced ration. —Breeder's Gazette.
